

# AMENDA MARIA JOHNSON

## UI/UX Designer | Product Designer (Junior)

Nedumkunnam, Kottayam, Kerala, India | amendamariajohn@gmail.com | +91 9061144620

Portfolio: <https://amendamariajohnson.vercel.app/>

### PROFESSIONAL SUMMARY

UI/UX Designer with 2+ years of experience designing scalable, user-centered digital products across web and mobile platforms. Skilled in UX research, interaction design, user flows, and design systems with a strong focus on solving real-world problems.

Experienced in end-to-end design processes—from problem definition and wireframing to high-fidelity prototyping and developer handoff. Actively integrates AI-assisted design tools to improve workflow efficiency and accelerate product thinking.

### CORE SKILLS

- **UX & Product Design:**  
User-Centered Design, UX Research, Usability Testing, Interaction Design, Information Architecture, User Flows, Wireframing, Prototyping, Design Systems
- **Tools & Platforms:**  
Figma (Advanced), Framer, Webflow, Adobe XD (Basic), GIMP, Scribus
- **Frontend & Handoff:**  
HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Design, Developer Collaboration
- **AI-Assisted Design:**  
v0.dev, Lovable, ChatGPT, Claude, Gemini, GitHub Copilot
- **Soft Skills:**  
Problem Solving, Communication, Collaboration, Adaptability, Continuous Learning

### PROFESSIONAL EXPERIENCE

#### UI/UX Intern | Foodo.ai (UK-based) | 2026 – Present

- Designed user-centric interfaces for restaurant technology platforms, improving usability and user engagement
- Created end-to-end UI flows including ordering systems, dashboards, and user journeys
- Collaborated with product and development teams to ensure design feasibility and consistency

#### UI/UX Intern | µLearn Community | 2025 – 2026

- Designed wireframes, prototypes, and user flows using Figma
- Improved UI based on usability feedback and iterative testing
- Contributed to design systems and collaborated with developers on interaction patterns

#### Social Media Intern / Designer | K-DISC – Vijnana Keralam (Govt. Initiative) | 2025 – 2026

- Designed digital creatives for public initiatives and job fairs
- Maintained consistent branding across campaigns and platforms
- Delivered visually engaging content for large-scale outreach programs

#### UI/UX & Graphic Designer | Yugalinks Global Connect Pvt. Ltd | 2024 – 2025

- Designed responsive web and mobile interfaces aligned with business requirements
- Developed high-fidelity prototypes and user flows using Figma
- Collaborated with developers to ensure accurate design implementation
- Leveraged AI tools (v0.dev, Lovable) to explore design variations and accelerate prototyping

- Used AI tools (ChatGPT, Claude, Gemini) for UX writing and iterative improvements

### **Graphic Designer / Design Intern | Inovus Labs IEDC | 2023 – 2025**

- Designed posters, banners, brochures, and digital assets for events and programs
- Supported branding for innovation-driven initiatives
- Delivered consistent visual communication across platforms

### **PROJECT HIGHLIGHTS**

#### **NeuUX AI – UX Intelligence Assistant**

- Designed an AI-powered system to generate structured UX outputs (personas, journey maps, workflows)
- Focused on reducing manual UX documentation effort and improving decision-making speed

#### **MEDICO – OP Management System**

- Designed a hospital workflow system to improve patient flow and reduce queue confusion
- Implemented structured token system and admin-based workflow management

### **EDUCATION**

#### **Bachelor of Computer Applications (BCA)**

Kristu Jyoti College of Management and Technology

2023 – 2026

### **WORKSHOPS & KNOWLEDGE SHARING**

- Conducted UI/UX workshops for college students
- Taught UX principles, user flows, and Figma fundamentals
- Delivered sessions focused on practical design thinking

### **KEY ACHIEVEMENTS**

- Featured in **The Times of India** (HR Elevate 2025) for design contribution
- Delivered multiple UI/UX workshops for students
- Designed production-level creatives for MSME and business initiatives

### **ADDITIONAL INFORMATION**

- Comfortable working with remote and cross-functional global teams
- Strong interest in AI-driven product design and system thinking
- Continuously learning and adopting emerging design tools and technologies
